ABOUT ME

I worked as a Structural Engineer until July 2023, but I decided to change my career to software development. After leaving my old job, I learned about cyber security and AWS cloud. Now I'm in a full-stack bootcamp, and I've discovered that I really enjoy coding.

I'm looking for opportunities to apply my coding skills. I believe my background in Structural Engineer gives me a problem-solving and communication skills.

EDUCATION

Cleverse Academy

Full Stack Bootcamp

09 / 2023 - Current

Kasetsart University Sriracha Campus

Bachelor of Engineering in Marine Engineer

2014 - 2018

CERTIFICATION
